Professional Experience

12 Years
75+ Studies

Education

Msc in Chemical and Biological Air Quality;
Jussieu University Paris 7 - France

Odour Consultant

With a Msc in chemical and biological air quality, Franck is a specialist in Environmental Odour Management. He conducts studies and develops methods to investigate and analyse ambient and atmospheric emissions. He has completed various projects in waste, waste water and many other industry sectors.

Key Areas of Expertise

- Emission air measurement including sampling
- Design and implementation of odour sampling exercises
- Air extraction system
- Audit of odorous emissions plants
- Audit of odour control systems
- Identification of key elements in a design project of odour treatment
- Quantification and qualification of odorous compounds (chemical compounds and odour level)
- Odour Control Plans
- Odour dispersion modelling
- Provision of advice regarding odour control and abatement techniques and evaluation of performance

Reference Clients

- VEOLIA
- SUEZ ENVIRONNEMENT
- TERRALYS
- SEVESC
- GROUPE SARIA
- SANDERS
