Years of Experience

13 years
(10 in Odournet)

Studies 100+

Education

- Degree in environmental sciences from the University of Vic
- Agricultural technical engineer

Odour expert - Senior Consultant & Operations coordinator

Guerau Arisa is a management and treatment of environmental odors expert in different industrial sectors, especially in the field of waste treatment processes with high organic load. For this sector he has extensive experience in the management and improvement of methanogenic digestion and composting processes, as well as wastewater treatment.

He has extensive experience in the realization and coordination of sampling campaigns, olfactometric analysis, sensory field evaluations, atmospheric dispersion simulation works and environmental impact studies based on a global and strategic vision. Guerau has a strong capacity for observation and organization, including attention to detail and multitasking skills as well as the ability to analyze and solve problems in a pragmatic way.

Key Areas of Expertise

- Olfactometric sampling campaigns (UNE-EN 13725)
- Determination of Odour in Ambient Air by Using Field Inspection (prEN16841)
- Characterization of stationary source emissions (UNE-EN 77225)
- Advice on odor control techniques and evaluation of treatment efficiencies
- Drafting of odor management plans for a wide range of industrial sectors
- Operations Coordinator
- Application of MTD and control plans
- Improvement of waste treatment processes
